PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket no. 435.—In re American Commission Co. and other market agencies at Denver, Colo. The Acting Secretary of Agriculture on November 20, 1933, issued an inquiry into the reasonableness of the rates and charges in effect at the Denver market and ordered that a hearing be held under title III of the Packers and Stockyards Act for the purpose of determining the lawfulness of any and all rates and charges of respondents. A hearing was held at Denver from March 14 to 30, 1934. All respondents, except one, were represented by counsel. The hearing was resumed in Washington, D. C., on May 17, 1934. On August 27, 1934, respondents filed a petition for a rehearing. Oral argument was had before the Secretary of Agriculture on September 6, 1934. Upon consideration of the entire record in this proceedings, the Secretary on September 27, 1934, issued an order denying petition for rehearing and requiring respondents to cease and desist from demanding or collecting the charges provided for in the schedule of rates in effect and prescribing a new schedule of rates and charges, which is substantially lower than the schedule now in effect at the Denver market. The Secretary's order requires that the new rates become effective October 27, 1934.

Docket no. 446.—In re United Commission Co., market agency, Chicago. Ill. On August 29, 1934, the Acting Secretary of Agriculture issued an inquiry alleging that respondent was insolvent in that it was unable to pay its debts as they became due in the usual course of business. Respondent acknowledged receipt of the inquiry on September 7, 1934, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On September 19, 1934, respondent was suspended from registration as a market agency for a period of 6 months, with leave during said period to apply for a revocation of this suspension upon satisfactory proof to the Secretary that it is then solvent.
